From: Prestigious University
To: Online Engineering Student

CONGRATULATIONS!

You have completed our
course "Fundamentals of
Electrical Engineering." Your
certificate is attached.

What's
This
Worth?

INSPIRING INNOVATION.
ADVANCING RESEARCH.
ENHANCING EDUCATION.

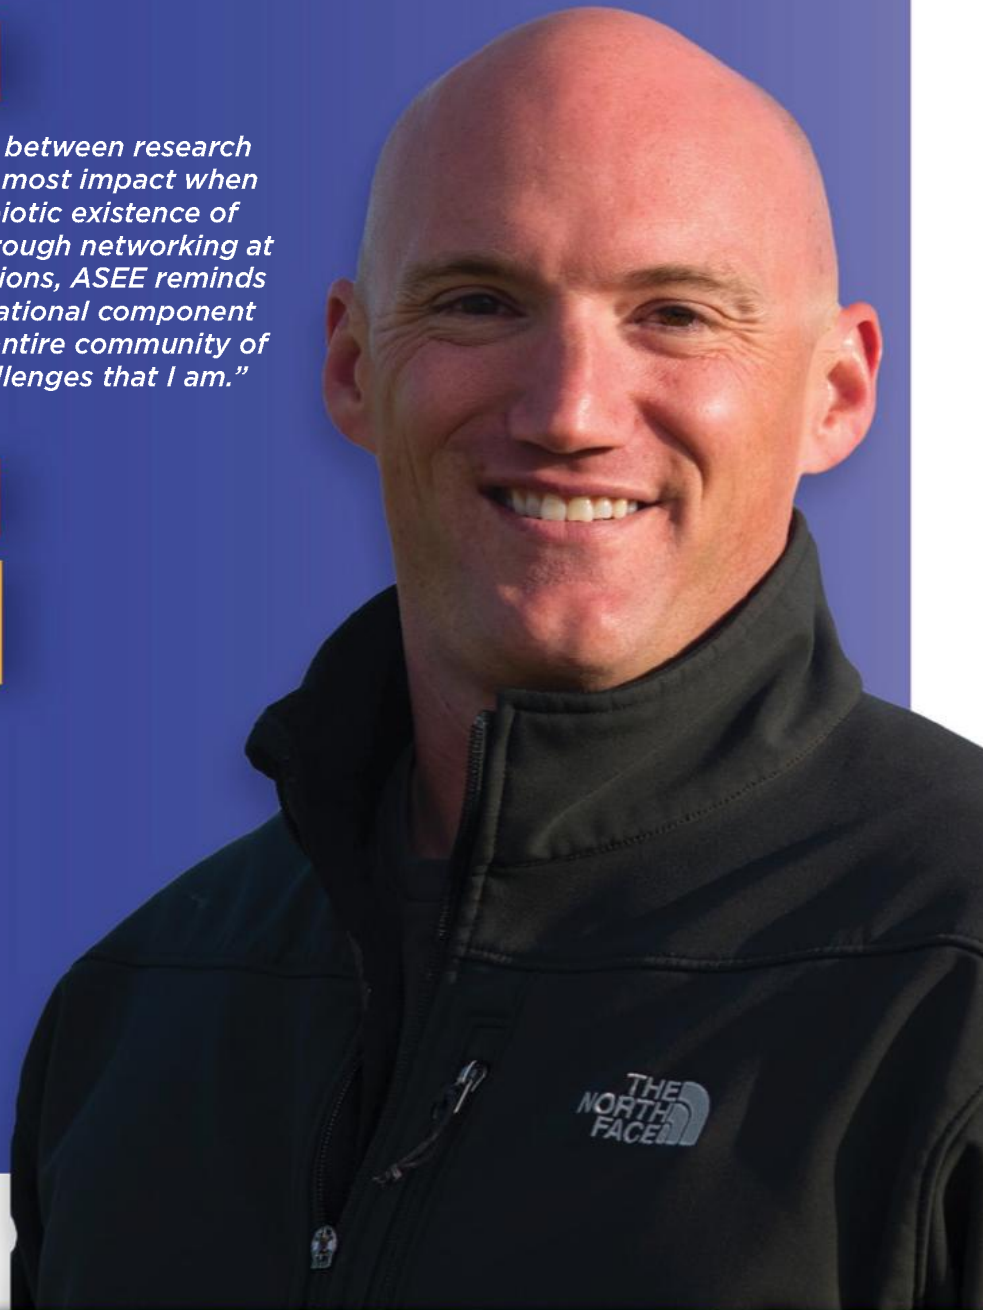

Join ASEE

“ASEE helps me maintain balance between research and teaching. Professors have the most impact when they take advantage of the symbiotic existence of teaching and research. Whether through networking at the conference or reading publications, ASEE reminds me of the importance of the educational component of this career and that there is an entire community of professors juggling the same challenges that I am.”

Brock LaMeres

Associate Professor Department of
Electrical & Computer Engineering
Montana State University

- ▶ **PI on several grants from NASA & NSF on the student learning experience**
- ▶ **Recipient of the 2010 MSU College of Engineering in Teaching Award**
- ▶ **Recipient of the 2011 MSU President's Excellence in Teaching Award**
