SUNDAY SCHEDULE FOR LIVESTOCK

The 4-H/FFA Livestock Areas will be **closed to the public** on the **last Sunday (07/20)** of the 2025 Big Sky Country State Fair. Trucks, semis and trailers will be moving through the livestock areas throughout the day, so to ensure the **safety** and **wellbeing** of the general public, exhibitors, and animals, the areas will be closed off from the rest of the Fair.

For the mutual benefit of the Fairgrounds and 4-H/FFA exhibitors, Sunday will now become a processor load-out and barn clean-up day. 4-H/FFA market animals that are sold through the Market Livestock Sale are terminal projects intended for meat consumption. At the request of the meat processors, animals are to be transported to their final destinations beginning Sunday morning. All other 4-H/FFA animals will be released from Fair intermittently throughout Sunday at the discretion of each species.

Exhibitors are **still required** to be at the Fairgrounds for this day, as they are expected to care for their animals until release, help clean barns and assist species committees.

4-H/FFA families with reserved RV camping spots will be permitted to move onto the Fairgrounds beginning on Saturday, July 12th. All RVs must be in place by no later than Monday, July 14th at 6pm. RVs will be allowed to leave the grounds at any time starting Sunday, July 20th with attention to livestock transport trailers and load-out schedules.
