		<b>Total</b>	\$ -

Biocontrols will be shipped to the Glacier County Conservation District office (USDA building) and distributed upon arrival.  
The Conservation District simply serves as a coordinator for the order.

Biocontrols are one tool in the toolbox for managing knapweed, it is encouraged to use an integrated weed management control program. Biocontrols should be released in areas with a dense infestation of knapweed.

**Make check payable to Glacier County Conservation District**  
**All orders must be pre-paid**
