

## **Valley County State Exchange Policies**

1. Members must have completed 6th grade to host a member from another state.
2. Members must have completed 7th grade to travel to another state.
3. Members must have parents or guardians who plan to be home when the state exchange takes place.
4. Members must comply with the rules for record books up to date before traveling.
5. We originally stated that this trip should not compete with the DC trip for funding and therefore would try to have the trip visit closer states that would not require a large amount of money to participate by the members. Common sense by all participants will be used in deciding where to travel and the \$\$ it will cost for this age of member.
6. Priority will be given to younger members who have not, had the chance to travel with this program if numbers need to be limited.
7. Each member and volunteer chaperon will be required to fill out the appropriate application form for the trip.
8. The chaperons do need to pay leaders' dues and fill out the volunteer leader confidential application form.
9. Chaperons will be required to pay anything over what is budgeted by council for the trip.
